CRS Building Corporation Awarded Union City Fire Station 3

Atlanta, Georgia- The City of Union City has approved the contract for CRS Building Corporation to construct the Union City Fire Station 3 at 6735 Oakley Industrial Blvd in Union City, Georgia. This 8,498 sq-ft Fire Station includes an engine apparatus bay, storage rooms, watch room, public safety office, offices, kitchen, dayroom, dining, restrooms, and bunk rooms. The building design incorporates solar power, solar hot water, energy efficient practices, geo thermal equipment, and other environmental friendly components which was designed by Brown Design Group located in East Point, Georgia. The proposed construction of the Fire Station will sit on approximately 2.55 acres of land with CRS Building Corporation also responsible for the completion of site work, curbs, sidewalks, paving, and landscaping.

Construction will begin at the end of this month and is expected to be completed by June, 2010. When completed, this Fire Station will continue to strengthen Union City's emergency response time. CRS Building Corporation is excited to be part of this project and looks forward to a completed project that everyone can be proud of.

CRS Building Corporation is an experienced, innovative, and dependable family owned General Contractor fully committed to building quality commercial projects and ensuring the highest level of customer satisfaction. Serving their clients with offices in Atlanta and Tampa Bay, CRS Building Corporation provides experience and expertise as a full- service General Contractor, Construction Manager, and Design/Build Service Provider for proposed commercial buildings.
